«APX Moscow-2009» Fair will pass in the Central house of the artist from May, 27 till May, 31st, despite of everything. This year organizers have decided to count on young architects. The exposition «New names» where projects of 24 architects will be presented will be the most important part of fair is not more senior 33 years. All of them will take part in new architectural competition “Avant-guard” which has been founded with fund support «Russian Avantgarde», known for the researches and restoration works in the field of the Soviet architectural heritage of 1920-1930th years. Four finalists chosen during work «APX Moscow», will receive the competitive task. They will work over it within several months, and the result will be shown on Rotterdam biennial. The winner will receive prize-winning 40 thousand dollars, and also possibility to make a personal exhibition within the limits of following «APX Moscow». In other part of fair degree works of students of the profile high schools, executed with 2007 for 2008 also will be shown. 12 best will be chosen from all projects, organizers suggest all wishing to send the projects.
